COMPLIANCE

Who We Are

Soven Liaisoning Services was incorporated in the year 1992 and is currently based in Hyderabad. We Have been associated with many multi-nationals for the successful completion of their projects in Telangana & Andhra Pradesh.

Before the liberalization of the Government Policies, there was a great scarcity of experienced professionals with immense knowledge about the local Regulatory / Statutory Rules and Regulations. This Led many Multi-national Organizations/Out State Industrial houses either to step back or get delayed in getting the approvals on time, which indirectly affected their Profitability, Timelines and business Opportunity.

Taking the advantage of Government policies and other benefits not only requires the knowledge of the subject on which the discussions are to be conducted, but also give a positive impression about the organization to the government stake holders before leaving the chambers of the officers concerned. It may be easy to develop relations, but it is difficult to maintain. This cannot be achieved with a day's experience. One needs to have an exposure and wide experience. Only Seasoned and Intelligent PROFESSIONALS can render these services.

Completion of the time-bound projects of our clients has earned us the name and reputation of "A RESULT ORIENTED ORGANIZATION" with Satisfied customers.

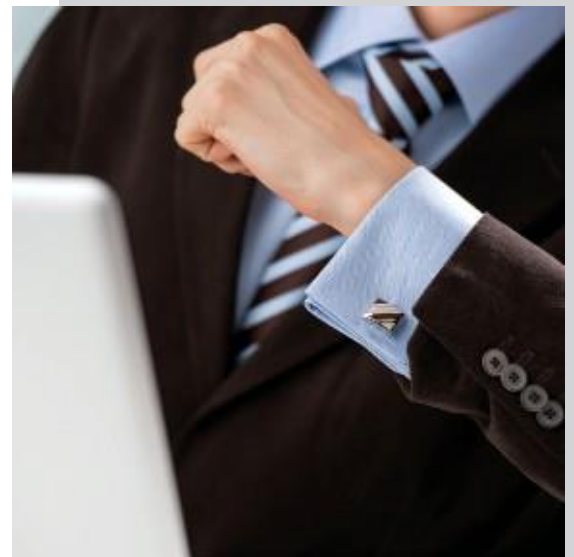

Soven Liaisoning Services is a team of Result-oriented, Seasoned and Intelligent Professionals, who believe in 100% results.

What We Believe

We believe in providing high quality services in the field of regulatory approvals and clearances on time.

Business Solutions

Our team handles projects much effectively with professionalism. Our strength includes in having a professional relationship with Govt. Offices, their resources and management. we complete the liaison services by knowing and understanding the complication involved in rules and regulations and where about of statutory and development bodies.

What We Do

SLS comprises of experienced Professionals and well qualified Support Team consisting in the field of Urban Planning, Building Services, Environment and Regulatory Approvals, etc. We Provide services for development and construction of Townships, High End Malls & Multiplexes, Premium Residential Towers, Educational Institutions, commercial complexes, Resorts, Hotels, Hospitals, all types of Industries, Technology Related Industries i.e, Bio-Technology, Bulk Drugs, Pharma Projects, SEZ's, IT Office Buildings and many such construction projects. We have proved ourselves as the most cost effective Service Provider with a large number of satisfied clients.

Pre Construction/ Development

Once the property procured, conversion of the property from whatever the status to the developmental status (within the purview of zoning regulations) change of land use from Govt. Bodies, clearance from GHMC, HMDA, DTCP, IALA (TGIIC & APIIC), MA & UD, Industries and other related statutory authorities.

Preparation of application and checklist as per the respective Government Regulations, organizing survey of the property from the departments, arranging for any pending documents pertaining to the property which are required for further developmental works.

For Construction/ Development

To liaise between Proponents/Clients and various Statutory Bodies, Co-ordination with the Architects and various consultants involved in the project, to arrange for scrutiny of drawings, preparing technical project, applications/checklists and arranging NOC, Regulatory Clearances, Licenses from the Government & Statutory Authorities.

*We provide strategic support
in operating the business and
assist in liaisoning with various
government officials in
clearing the operational
hindrances.*

Post Construction

- To arrange Occupancy Certificate from Telangana & AP Fire and Emergency Services Department.
- To arrange for Consent for operation of the State Pollution Control Board.
- To arrange Occupancy Certificate from various sanctioning authorities.

Legal Liaison

In instances of any legal issues, we will address the issue and will liaise with the concerned authority in resolving the issues and assignments related to:—

- Liaison with Government Departments, Regulatory & Statutory Bodies
- Maintaining complete details on current regulatory practices.
- Helping Entrepreneurs / Investors and Companies to build fruitful projects in Telangana & Andhra Pradesh.

Why us

Being on the leading service providers, we are involved in offering the perfect liaisoning consultation to our valued clients. These services are rendered by our experienced professionals keeping in mind the interest of both the involved parties into consideration.

Owing to our Reliability, Flexibility and Versatility, we are one of the most preferred choice of the clients.

"An organization of professionals, each having experience in professional enterprises."
